I recently graduated from Hansraj College, University of Delhi, with degree B.Sc.(Hons) Computer Science. I like to build Performance efficient API with good SEO ranking Web pages with good responsive Mobile first Web Applications.

EXPERIENCE

Software Engineer Intern — Mindmill Software Limited

- Built Banking Reports , Account Dashboard, Printing Modules including passbook, Demand Draft/Pay Draft with responsive mobile friendly UI using Vanilla JS and API using Python, MS SQL.
- Improved Existing API response time, managed due dates on time. Improved my skills by learning technology during internship such as Java & JSP (Java Servlet Pages).

PROJECTS

AI powered Resume Builder

MERN stack, Redis, BullMQ, PostgreSQL, Docker, Gemini API, TailwindCSS

- A fullstack Gemini API powered ATS scores and improvements on Resume Based on JD.

EDUCATION

B.Sc.(Hons) Computer Science — Hansraj College, University of Delhi

CGPA: 8.25

SKILLS

MongoDB, PostgreSQL, Express.js, Node.js, React, TailwindCSS, Javascript, Typescript, MS SQL, SQL, Python, FastAPI, Django, Redis, Docker, AWS, BullMQ, C++

ACHIEVEMENTS

- Solved 200+ leetcode Problems including Linear, Graph data structures and dynamic programming.
